Improper Amendment To Reissue - 37 CFR 1.173(b)

1. The amendment filed on 10/8/09 proposed claim amendments do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. For example,

a. Claims . An amendment paper must include the entire text of each claim being changed by such amendment paper and of each claim being added by such amendment paper. For any claim changed by the amendment paper, a parenthetical expression "amended," "twice amended," etc., should follow the claim number. Each changed patent claim and each added claim must include markings pursuant to paragraph (d) of this section, except that a patent claim or added claim should be canceled by a statement c canceling the claim without presentation of the text of the claim.

b. Status of claims and support for claim changes . Whenever there is an amendment to the claims pursuant to paragraph (b) of this section, there must also be supplied, on pages separate from the pages containing the changes, the status (i.e., pending or canceled), as of the date of the amendment, of all patent claims and of all added claims, and an explanation of the support in the disclosure of the patent for the changes made to the claims

Applicant should review the rule carefully to ensure that all requirements applicable to the instant reissue application are met. The above are merely illustrative examples. A supplemental paper correctly amending the reissue application is required.

A shortened statutory period for reply to this letter is set to expire ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing date of this letter.
